# Hôtel du Collectionneur – Spa renovation

at 27 May 2026

The Hôtel du Collectionneur has fully redesigned its spa with a new Art Deco identity, integrating upgraded facilities, holistic experiences and a strengthened positioning in the premium wellness segment.

## Description

The Hôtel du Collectionneur is fully renovating and redesigning its spa, now reimagined in an Art Deco style.

This transformation creates a premium wellness offering, conceived as a true timeless escape, combining architectural elegance, innovation, and a holistic approach to well-being.

Rooted in the hotel's iconic Art Deco identity, the spa features a full range of facilities, including an 18-metre swimming pool, sauna, hammam, fitness room, and four treatment rooms inspired by legendary artistic figures such as Josephine Baker and Greta Garbo.

Beyond its traditional wellness facilities, the property focuses on delivering an immersive and sensory experience. Aquatic rituals, floating meditation sessions, and sound flotation workshops are offered to encourage relaxation and restore harmony between body and mind.

As part of its upscale positioning, the hotel has partnered with Cellcosmet, a Swiss expert in cellular cosmetics. The spa now becomes the brand's exclusive Parisian address, notably offering the signature "Tapis Rouge" treatment, a 78-minute protocol combining advanced technology with scientific expertise.
