L'Hôtel du Collectionneur – Opening of a New Spa

at 27 May 2026

L'Hôtel du Collectionneur strengthens its upscale offering with the opening of a new Art Deco spa, designed as an immersive wellness destination combining premium facilities, innovative treatments, and holistic experiences in the heart of Paris.

Description

L'Hôtel du Collectionneur unveils its new Art Deco spa, a premium wellness offering designed to enhance the overall guest experience at this five-star property. Conceived as a true escape from time, the new space combines architectural elegance, innovation, and a holistic approach to well-being.

Rooted in the hotel's iconic Art Deco identity, the spa features a full range of facilities, including an 18-metre swimming pool, sauna, hammam, fitness room, and four treatment rooms inspired by legendary artistic figures such as Josephine Baker and Greta Garbo.

Beyond its traditional wellness facilities, the property focuses on delivering an immersive and sensory experience. Aquatic rituals, floating meditation sessions, and sound flotation workshops are offered to encourage relaxation and restore harmony between body and mind.

As part of its upscale positioning, the hotel has partnered with Cellcosmet, a Swiss expert in cellular cosmetics. The spa now becomes the brand's exclusive Parisian address, notably offering the signature "Tapis Rouge" treatment, a 78-minute protocol combining advanced technology with scientific expertise.

The wellness experience is further enhanced by premium fitness classes (Lagree) developed in partnership with Banote Club, as well as a retail space featuring lifestyle and sportswear brands such as lululemon and Anja.

With this opening, the hotel strengthens its position as a leading Parisian luxury destination by integrating a complete wellness experience.
